9/22 Meeting Notes

- Pretotype demo
  - Positive feedback on functional flow of app
  - Clients like separation between 'Discover' and 'Storkfront'
  - Clients like visuals in app
- Realistic expectations on visuals
  - In prior years, final apps have realistically looked very different from pretotypes
  - Clients know that UI may not look quite as polished as from the proto design software used for the prototype
- Add listing entry for 'advance notice required'
